2. The **Students** section provides you with details on all students enrolled in your exams.

3. The **Exam Status** section allows you to track exam progress (e.g. scheduled and proctored exams). In addition, once an exam is completed, the Exam Status section houses all recordings of your proctored tests as well as time-stamped incident flags and comments.

4. The **Reports** section offers one-touch access to Examity’s robust reporting and analytics. Here, you can explore a variety of real-time reports such as your “Exam Summary Report” where you can review scheduled, canceled and unscheduled appointments.
